## In Her Own Words...

### Esteve 2016 -Program Participant

Esteve, warmly referred to as “Stevie” came to Providence House in November of 2014 with her 7 year old son and 2 year old daughter after being in an unhealthy relationship.

Esteve explains, “I am from a different country and believe me I honor every single thing you do for Providence House. Providence House gives me hope. With all the

help I receive, including parenting classes that teach me how to care better for my children and raise them in the virtue of Jesus I became a stronger woman. I’ve learned to budget my money and my children are learning how to swim. At Providence House, we are like family, we care for each other. It’s good to know that you have people that care for you. I have to say that the program is not easy, but at the end of the day it pays off. Without a program like Providence House and the help of people like you, I don’t know where life would have taken my children and me.”

We are happy to report that Esteve is currently working at a bank and loves her work there. Her daughter was baptized at Saint Agnes Church by board member, Reverend Michael P. Orsi this May.

Esteve pictured above

“I want my children to join me to thank all of you for your help.”

Esteve
